

# SPAW Official Whitepaper

## 1. Introduction

SPAW is a community-driven meme token built on Solana, inspired by the legend of the Black Cat Warrior.

It represents strength, loyalty, and the power to turn misfortune into fortune.

Slogan: 'SPAW — The Black Cat Warrior guarding the future of Solana memes.'

## 2. Vision & Mission

- Build a united community under the Black Cat Warrior.
- Create long-term value through staking, burning, and transparency.
- Expand SPAW into NFTs, staking, and gaming utilities.

## 3. Narrative: The Loyal Guardian

The Black Cat Warrior is more than a guardian—he is the one who turns misfortune into fortune.

Born in the shadows, once mistaken as a harbinger of bad luck, he now rises as the eternal protector of the community.

Every SPAW holder is not just an investor, but a warrior standing side by side, united under the same banner.

## 4. Tokenomics

Total Supply: 100,000,000 SPAW

Distribution:

- Presale – 30%
- Staking Rewards – 15%
- Burn Mechanism – 20%
- Liquidity Pool Lock (1 year) – 10%
- Twitter / Community Rewards – 10%
- Team Allocation – 15% (Locked, linear vesting monthly)

Team Lock Proof: Streamflow Contract

## 5. Core Mechanisms

- Presale: Multi-phase with increasing price tiers.
- Burn-to-Rise: Unsold tokens & ongoing burns    scarcity + value growth.
- Staking (Post-Presale): SPAW holders can stake tokens to earn rewards.
